

# BROCKHAUS Representative Meeting 2017

The Representative Meeting 2017 organized by BROCKHAUS was held on October 13<sup>th</sup> to 14<sup>th</sup>.

Seventeen representatives of all over the world visited the BROCKHAUS MEASUREMENTS in Lüdenscheid. An interesting program of workshops, presentations and discussions conveyed vast knowledge about BROCKHAUS products, processes and markets.

Beside this program the BROCKHAUS cold rolling mill as well as the steel service center were visited and of course, there was also time for culture and social undertakings like enjoying the German "haute cuisine" or a challenge in bow shooting.

The event was rated as a great success by all participants and it will be not the last one!
